The Tea Room (The Duchess)

ROYAL TEA

The scent of brewed teas and a bouquet of caramelized sugar, fragrant fruits, and freshly baked cakes envelops you in the rich décor inspired by the splendor of the belle époque. Afternoon tea bathed in sophistication, elegance, and class. We recommend a cup of Dream Tea, Marco Polo Rouge, or Chandernagor Chai. Or enjoy a glass of Dom Pérignon or Laurent Perrier champagne; the perfect companion to your delicate pastries, hand-made macaroons and warm scones.

TRENDY DINING

A breeding ground for experimental style, Amsterdam has plenty of groundbreaking restaurants available. These venues excel in their genuine originality, in combining various ingredients to produce the most provocative taste sensations, and in creating extraordinary ambiances. Ranging from a focus on simplicity to a full-on club style, the capital city has it all.

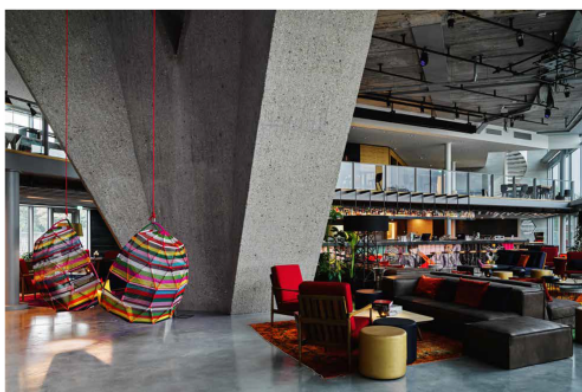

EXTRAORDINARY DINING

Mr. Porter

Full of surprises that break the rules of traditional cuisine. Infinitely cool contradictions, prepare to expect the unexpected. Unequalled flavor combinations result in unpredictable amalgamations. This steakhouse, with kitchen seating and a sensational roof terrace, serves premium-quality dishes in, surprisingly, a sleek lounge club-like atmosphere. Drinks are made with the same innovative and engaging combinations of the best ingredients, while the DJ sets the tone with infectious, energizing music.

SPECTACULAR NIGHTLIFE

It's safe to say that Amsterdam is one of the best cities in the world to have a memorable night out. Visit the most exclusive cocktail bars, and have the most insane clubbing experiences. There is something to suit every taste. We've made a selection of some spectacularly original venues.

DELICIOUS PLAYGROUND

*The Butcher
Social Club*

We found the most fun adult playground at the A'DAM tower, increasingly the home of innovation and lifestyle. Food, music, coffee, games, and live DJ music, all offered in a creatively industrial setting with colorful details, 24 hours a day. You can enjoy an intimate cup of coffee, as well as breakfast favorites and the famous Angus beef 'Silence of the Lambs' burger. This place has international charisma with an urban edge.
